At your request, regarding the granting of confirmation for 2022, we hereby confirm that the Society meets the requirements of the Societies Law 1980 regarding the filing of reports, notices, and protocols.

This confirmation shall be cancelled if it should be discovered that the Society does not comply with the provisions of the Societies Law 1980 and the rules of proper management.

This confirmation is valid between 1.1.2022-31.12.2022.

* When applying to us indicate the number of the Society.

** Clarification: This confirmation does not necessarily indicate that the society complies with all of the Law, and the Registrar's requirements, but rather as said above, that the society has submitted annual reports in accordance with the Law and the Registrar's instructions, and no flaws have been found in its activities to justify cancellation of the confirmation.

The Registrar of Societies scrutinizes societies from time to time during the year, even after having issued a confirmation of proper management. Flaws found in a society after the issuance of the confirmation, may lead to a cancellation of the confirmation or may lead to a change in the wording of the confirmation.

It is recommended to check the website of the Corporations Authority-The Registrar of Societies to verify the validity of the confirmation.

In addition, one can peruse at no cost the Society's reports on guidestar Website, as well as peruse the Society's File subject to payment of the fee.
